

Approximate Planting Schedule for Xenia, OH

These are first planting times – you can generally make 2-3 successive plantings 2-3 weeks apart as desired.
If the weather allows, early planting is best for avoiding/minimizing bug and disease problems.

Mid January	Onions	
Mid February	Cabbage Broccoli	
Late February- Early March	Cauliflower Celery Collard Greens Kohlrabi Lettuce Peppers Spinach	
Mid March	Tomatoes Radish (outside)* Peas (outside)* Onion (outside – sets, plants, or transplants)* Carrots (outside)*
